

Practical 4 Design a page of small picture album. And when you click on an image it should display image in new browser window.

```
<html>

<head> <title> </title> </head>

<body>          <h3>Kaustubh Wade(160410116050)</h3>

<table border="1">

<tr>

<td><a href="desktop4.jpg" target="_blank"> 
</img> </a></td>

<td><a href="desktop1.jpg" target="_blank"> 
</img> </a></td>

</tr>

<tr>

<td><a href="desktop2" target="_blank"> 
</img> </a></td>

<td><a href="desktop3.jpg" target="_blank"> 
</img> </a></td>

</tr>

</table>          </body>          </html>
```
